SYMBOLS KEY:

A black Y indicates that the allergen is present in the dish. The allergen may appear in more than one ingredient and it may not be immediately obvious, for example; the allergen could be hidden in a cream or remonce. *MC (may contain) refers to an ingredient that may be present in the dish but is not guaranteed due to preparation and storage processes.

IMPORTANT NOTE: Please be aware that whilst some allergens may not be contained in the ingredients of the product, they may still be present and cannot be removed entirely. This is due to the nature of our preparation and storage processes where we are unable to completely exclude allergens from the environment. Please ensure you inform us before ordering of any allergy or intolerances. In accordance with the law, Gluten is not declarable when less than 20ppm and Sulphites when less than 10ppm.
